16 appropriation, and \$5,604,000 of the general fund--federal
17 appropriation are provided solely for reducing the average caseload
18 level per case-carrying social worker. Average caseload reductions are
19 intended to increase the amount of time social workers spend in direct
20 contact with the children, families, and foster parents involved with
21 their open cases. The department shall use some of the funds provided
22 in several local offices to increase staff that support case-carrying
23 social workers in ways that will allow social workers to increase
24 direct contact time with children, families, and foster parents. To
25 achieve the goal of reaching an average caseload ratio of 1:24 by the
26 end of fiscal year 2003, the department shall develop a plan for
27 redeploying 30 FTEs to case-carrying social worker and support

7 care placement. \$50,000 of the funds provided shall be contracted to
8 the Washington institute for public policy to conduct a study of
9 kinship care placements. The study shall examine the prevalence and
10 needs of families who are raising related children and shall compare
11 services and policies of Washington state with other states that have
12 a higher rate of kinship care placements in lieu of foster care
13 placements. The study shall identify possible changes in services and
14 policies that are likely to increase appropriate kinship care
15 placements.

16 (8) \$3,386,000 of the fiscal year 2002 general fund--state
17 appropriation, \$7,671,000 of the fiscal year 2003 general fund--state

29 per month on July 1, 2002. The department shall use the remaining
30 funds provided in this subsection to pay for increases in the cost per
31 case for foster care and adoption support. The department shall seek
32 to control rate increases and reimbursement decisions for foster care
33 and adoption support cases such that the cost per case for family
34 foster care, group care, receiving homes, and adoption support does not
35 exceed the amount assumed in the projected caseload expenditures plus
36 the amounts provided in this subsection.

37 (9) \$1,767,000 of the general fund--state appropriation for fiscal
38 year 2002, \$2,461,000 of the general fund--state appropriation for

 35 **SERVICES--MENTAL HEALTH PROGRAM**

36 (1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS

37	General Fund--State Appropriation (FY 2002)	\$	191,089,000
----	---	----	-------------

1	General Fund--State Appropriation (FY 2003)	\$	194,884,000
2	General Fund--Federal Appropriation	\$	339,077,000
3	General Fund--Local Appropriation	\$	4,363,000
4	Health Services Account--State		
5	Appropriation	\$	2,450,000
6	TOTAL APPROPRIATION	\$	731,863,000

7 The appropriations in this subsection are subject to the following
8 conditions and limitations:

9 (a) Regional support networks shall use portions of the general
10 fund--state appropriation for implementation of working agreements with
11 the vocational rehabilitation program which will maximize the use of
12 federal funding for vocational programs.

13 (b) From the general fund--state appropriations in this subsection,
14 the secretary of social and health services shall assure that regional
15 support networks reimburse the aging and adult services program for the
16 general fund--state cost of medicaid personal care services that
17 enrolled regional support network consumers use because of their
18 psychiatric disability.

19 (c) \$388,000 of the general fund--state appropriation for fiscal
20 year 2002, \$1,927,000 of the general fund--state appropriation for
21 fiscal year 2003, and \$2,349,000 of the general fund--federal
22 appropriation are provided solely for development and operation of
23 community residential and support services for persons whose treatment
24 needs would be better served by, but which comprise substantial
25 barriers to, community placement. In the event that enough patients
26 are not transitioned or diverted from the state hospitals to close at
27 least two hospital wards by July 2002, and two additional wards by
28 April 2003, a proportional share of these funds shall be transferred to
29 the appropriations in subsection (2) of this section to support
30 continued care of the patients in the state hospitals. Primary
31 responsibility and accountability for provision of appropriate
32 community support for persons placed with these funds shall reside with
33 the mental health program and the regional support networks, with
34 partnership and active support from the alcohol and substance abuse and
35 from the aging and adult services programs. The department shall
36 negotiate performance-based incentive contracts with those regional
37 support networks which have the most viable plans for providing
38 appropriate community support services for significant numbers of
39 persons from their area who would otherwise be served in the state

1 hospitals. The funds appropriated in this subsection shall not be
2 considered "available resources" as defined in RCW 71.24.025 and are
3 not subject to the standard allocation formula applied in accordance
4 with RCW 71.24.035(13)(a).

5 (d) At least \$1,000,000 of the federal block grant funding
6 appropriated in this subsection shall be used for (i) initial
7 development, training, and operation of the community support teams
8 which will work with long-term state hospital residents prior and
9 subsequent to their return to the community; and (ii) development of
10 support strategies which will reduce the unnecessary and excessive use
11 of state and local hospitals for short-term crisis stabilization
12 services. Such strategies may include training and technical
13 assistance to community long-term care and substance abuse providers;
14 the development of diversion beds and stabilization support teams;
15 examination of state hospital policies regarding admissions; and the
16 development of new contractual standards to assure that the statutory
17 requirement that 85 percent of short-term detentions be managed locally
18 is being fulfilled. The department shall report to the fiscal and
19 policy committees of the legislature on the results of these efforts by
20 November 1, 2001, and again by November 1, 2002.

21 (e) The department is authorized to implement a new formula for
22 allocating available resources among the regional support networks.
23 The distribution formula shall use the number of persons eligible for
24 the state medical programs funded under chapter 74.09 RCW as the
25 measure of the requirement for the number of acutely mentally ill,
26 chronically mentally ill, severely emotionally disturbed children, and
27 seriously disturbed in accordance with RCW 71.24.035(13)(a). The new
28 formula shall be phased in over a period of no less than six years.
29 Furthermore, the department shall increase the medicaid capitation
30 rates which a regional support network would otherwise receive under
31 the formula by an amount sufficient to assure that total funding
32 allocated to the regional support network in fiscal year 2002 increases
33 by up to 2.1 percent over the amount actually paid to that regional
34 support network in fiscal year 2001, and by up to an additional 2.3
35 percent in fiscal year 2003, if total funding to the regional support
36 network would otherwise increase by less than those percentages under
37 the new formula, and provided that the nonfederal share of the higher
38 medicaid payment rate is provided by the regional support network from
39 local funds.

1 (f) Within funds appropriated in this subsection, the department
2 shall contract with the Clark county regional support network for
3 development and operation of a project demonstrating collaborative
4 methods for providing intensive mental health services in the school
5 setting for severely emotionally disturbed children who are medicaid
6 eligible. Project services are to be delivered by teachers and
7 teaching assistants who qualify as, or who are under the supervision
8 of, mental health professionals meeting the requirements of chapter
9 275-57 WAC. The department shall increase medicaid payments to the
10 regional support network by the amount necessary to cover the necessary
11 and allowable costs of the demonstration, not to exceed the upper
12 payment limit specified for the regional support network in the
13 department's medicaid waiver agreement with the federal government
14 after meeting all other medicaid spending requirements assumed in this
15 subsection. The regional support network shall provide the department
16 with (i) periodic reports on project service levels, methods, and
17 outcomes; and (ii) an intergovernmental transfer equal to the state
18 share of the increased medicaid payment provided for operation of this
19 project.

20 (g) The health services account appropriation is provided solely
21 for implementation of strategies which the department and the affected
22 regional support networks conclude will best assure continued
23 availability of community-based inpatient psychiatric services in all
24 areas of the state. Such strategies may include, but are not limited
25 to, emergency contracts for continued operation of inpatient facilities
26 otherwise at risk of closure because of demonstrated uncompensated
27 care; start-up grants for development of evaluation and treatment
28 facilities; and increases in the rate paid for inpatient psychiatric
29 services for medically indigent and/or general assistance for the
30 unemployed patients. The funds provided in this subsection must be:
31 (i) Prioritized for use in those areas of the state which are at
32 greatest risk of lacking sufficient inpatient psychiatric treatment
33 capacity, rather than being distributed on a formula basis; (ii)
34 prioritized for use by those hospitals which do not receive low-income
35 disproportionate share hospital payments as of the date of application
36 for funding; and (iii) matched on a one-quarter local, three-quarters
37 state basis by funding from the regional support network or networks in
38 the area in which the funds are expended. Payments from the amount
39 provided in this subsection shall not be made to any provider that has

1 not agreed that, except for prospective rate increases, the payment
2 shall offset, on a dollar-for-dollar basis, any liability that may be
3 established against, or any settlement that may be agreed to by the
4 state, regarding the rate of state reimbursement for inpatient
5 psychiatric care. The funds provided in this subsection shall not be
6 considered "available resources" as defined in RCW 71.24.025 and are
7 not subject to the distribution formula established pursuant to RCW
8 71.24.035.

24 psychiatric hospitals by 120 beds by April 2003 by arranging and

29 become familiar with the person and their treatment plan; assessed
30 their strengths, preferences, and needs; arranged a safe, clinically-
31 appropriate, and stable place for them to live; assured that other
32 needed medical, behavioral, and social services are in place; and is

17 of residential habilitation centers (RHCs) who are able to be
18 adequately cared for in community settings and who choose to live in
19 those community settings. The department shall ensure that the average
20 cost per day for all program services other than start-up costs shall
21 not exceed \$280. If the number and timing of residents choosing to
22 move into community settings is not sufficient to achieve the RHC
23 cottage consolidation plan assumed in the appropriations in subsection
24 (2) of this section, the department shall transfer sufficient
25 appropriations from this subsection to subsection (2) of this section
26 to cover the added costs incurred in the RHCs. The department shall
27 report to the appropriate committees of the legislature, within 45 days
28 following each fiscal year quarter, the number of residents moving into
29 community settings and the actual expenditures for all community
30 services to support those residents.

31 (c) \$1,440,000 of the general fund--state appropriation for fiscal
32 year 2002, \$3,041,000 of the general fund--state appropriation for
33 fiscal year 2003, and \$4,311,000 of the general fund--federal
34 appropriation are provided solely for expanded community services for
35 persons with developmental disabilities who also have community
36 protection issues or are diverted or discharged from state psychiatric
37 hospitals. The department shall ensure that the average cost per day
38 for all program services other than start-up costs shall not exceed
39 \$275. The department shall report to the appropriate committees of the

1 legislature, within 45 days following each fiscal year quarter, the
2 number of persons served with these additional community services,
3 where they were residing, what kinds of services they were receiving
4 prior to placement, and the actual expenditures for all community
5 services to support these clients.

6 (d) \$1,005,000 of the general fund--state appropriation for fiscal
7 year 2002, \$2,262,000 of the general fund--state appropriation for
8 fiscal year 2003, and \$2,588,000 of the general fund--federal
9 appropriation are provided solely for increasing case/resource
10 management resources to improve oversight and quality of care for
11 persons enrolled in the medicaid home and community services waiver for
12 persons with developmental disabilities. The department shall not
13 increase total enrollment in home and community based waivers for
14 persons with developmental disabilities except for increases assumed in
15 additional funding provided in subsections (b) and (c) of this section.
16 Prior to submitting to the health care financing authority any
17 additional home and community based waiver request for persons with
18 developmental disabilities, the department shall submit a summary of
19 the waiver request to the appropriate committees of the legislature.
20 The summary shall include eligibility criteria, program description,
21 enrollment projections and limits, and budget and cost effectiveness
22 projections that distinguish the requested waiver from other existing
23 or proposed waivers.

24 (e) \$1,000,000 of the general fund--state appropriation for fiscal
25 year 2002 and \$1,000,000 of the general fund--state appropriation for
26 fiscal year 2003 are provided solely for employment, or other day
27 activities and training programs, for young adults with developmental
28 disabilities who complete their high school curriculum in 2001 or 2002.
29 These services are intended to assist with the transition to work and
30 more independent living. Funding shall be used to the greatest extent
31 possible for vocational rehabilitation services matched with federal
32 funding. In recent years, the state general fund appropriation for
33 employment and day programs has been underspent. These surpluses,
34 built into the carry forward level budget, shall be redeployed for high
35 school transition services.

36 (f) \$369,000 of the fiscal year 2002 general fund--state
37 appropriation and \$369,000 of the fiscal year 2003 general fund--state
38 appropriation are provided solely for continuation of the autism pilot
39 project started in 1999.

1 (g) \$4,049,000 of the general fund--state appropriation for fiscal
 2 year 2002, \$1,734,000 of the general fund--state appropriation for
 3 fiscal year 2003, and \$5,369,000 of the general fund--federal
 4 appropriation are provided solely to increase compensation by an
 5 average of fifty cents per hour for low-wage workers providing state-
 6 funded services to persons with developmental disabilities. These
 7 funds, along with funding provided for vendor rate increases, are
 8 sufficient to raise wages an average of fifty cents and cover the
 9 employer share of unemployment and social security taxes on the amount
 10 of the wage increase. In consultation with the statewide associations
 11 representing such agencies, the department shall establish a mechanism
 12 for testing the extent to which funds have been used for this purpose,
 13 and report the results to the fiscal committees of the legislature by
 14 February 1, 2002.

16 have been long-term residents of the state psychiatric hospitals. The
17 aging and adult services program shall report to the health care and

23 implement strategies in partnership with the mental health program and
24 the regional support networks to reduce the use of state and local
25 psychiatric hospitals for the short-term stabilization of persons with
26 dementia and traumatic brain injuries. Such strategies may include
27 training and technical assistance to help long-term care providers
28 avoid and manage behaviors which might otherwise result in psychiatric
29 hospitalizations; monitoring long-term care facilities to assure
30 residents are receiving appropriate mental health care and are not
31 being inappropriately medicated or hospitalized; the development of
32 diversion beds and stabilization support teams; and the establishment

15 capita expenditure amount, net of drug rebates, estimated for medically
16 needy-aged persons in the most recent forecast of medical assistance
17 expenditures.

18 (c) The department shall identify the number of medically needy
19 nursing home residents, and enrollment and expenditures on each of the
20 two medically needy waivers, on monthly management reports.

21 (d) The department shall track and report to health care and fiscal
22 committees of the legislature by November 15, 2002, on the types of
23 long-term care support a sample of waiver participants were receiving
24 prior to their enrollment in the waiver, how those services were being
25 paid for, and an assessment of their adequacy.

26 (9) \$50,000 of the general fund--state appropriation for fiscal
27 year 2002 and \$50,000 of the general fund--state appropriation for
28 fiscal year 2003 are provided solely for payments to any nursing
29 facility licensed under chapter 18.51 RCW which meets all of the

33 lessor defaulted on its loan or mortgage for the assets of the home
34 after January 1, 1991, and prior to January 1, 1992. Payments provided
35 pursuant to this subsection shall not be subject to the settlement,
36 audit, or rate-setting requirements contained in chapter 74.46 RCW.

37 (10) \$364,000 of the general fund--state appropriation for fiscal
38 year 2002, \$364,000 of the general fund--state appropriation for fiscal
39 year 2003, and \$740,000 of the general fund--federal appropriation are

1 provided solely for payment of exceptional care rates so that persons
2 with Alzheimer's disease and related dementias who might otherwise
3 require nursing home or state hospital care can instead be served in
4 boarding home-licensed facilities which specialize in the care of such
5 conditions.

6 (11) From funds appropriated in this section, the department shall
7 increase compensation for individual and for agency home care
8 providers. Payments to individual home care providers are to be
9 increased from \$7.18 per hour to \$7.68 per hour on July 1, 2001.
10 Payments to agency providers are to be increased to \$13.30 per hour on

13 used to increase wages for direct care workers. The appropriations in
14 this section also include the funds needed for the employer share of
15 unemployment and social security taxes on the amount of the wage
16 increase required by this subsection.

17 (12) \$2,507,000 of the general fund--state appropriation for fiscal
18 year 2002, \$2,595,000 of the general fund--state appropriation for
19 fiscal year 2003, and \$5,100,000 of the general fund--federal
20 appropriation are provided solely for prospective rate increases
21 intended to increase compensation by an average of fifty cents per hour
22 for low-wage workers in agencies which contract with the state to
23 provide community residential services for persons with functional
24 disabilities. In consultation with the statewide associations
25 representing such agencies, the department shall establish a mechanism
26 for testing the extent to which funds have been used for this purpose,
27 and report the results to the fiscal committees of the legislature by
28 February 1, 2002. The amounts in this subsection also include the
29 funds needed for the employer share of unemployment and social security

33 fiscal year 2003, and \$2,204,000 of the general fund--federal
34 appropriation are provided solely for prospective rate increases
35 intended to increase compensation for low-wage workers in nursing homes
36 which contract with the state. For fiscal year 2002, the department
37 shall add forty-five cents per patient day to the direct care rate
38 which would otherwise be paid to each nursing facility in accordance
39 with chapter 74.46 RCW. For fiscal year 2003, the department shall

1 increase the median price per case-mix unit for each of the applicable
2 peer groups by nine-tenths of one percent in order to distribute the
3 available funds. In consultation with the statewide associations
4 representing nursing facilities, the department shall establish a
5 mechanism for testing the extent to which funds have been used for this
6 purpose, and report the results to the fiscal committees of the
7 legislature by February 1, 2002.

18 fiscal year 2002, \$278,277,000 of the general fund--state appropriation
19 for fiscal year 2003, \$1,254,197,000 of the general fund--federal

29 74.08A.410. Valid outcome measures of job retention and wage
30 progression shall be developed and reported quarterly to appropriate
31 fiscal and policy committees of the legislature for families who leave
32 assistance, measured after 12 months, 24 months, and 36 months. An

37 report the median percentage increase in quarterly earnings and hourly
38 wage after 12 months, 24 months, and 36 months. The wage progression

10 designed to support their employment, that there are no time limits on
11 the receipt of work support benefits, and that immigration or residency
12 status will not be affected by the receipt of benefits. These
13 materials shall be posted in all community service offices and
14 distributed to families. Materials must be available in multiple
15 languages. When a family leaves the temporary assistance for needy
16 families program, receives cash diversion assistance, or withdraws a
17 temporary assistance for needy families application, the department of
18 social and health services shall educate them about the difference
19 between cash assistance and work support benefits and offer them the
20 opportunity to begin or to continue receiving work support benefits, so
21 long as they are eligible. The department shall provide this
22 information through in-person interviews, over the telephone, and/or
23 through the mail. Work support benefits include food stamps, medicaid
24 for all family members, medicaid or state children's health insurance
25 program for children, and child care assistance. The department shall
26 report annually to the legislature the number of families who have had
27 exit interviews, been reached successfully by phone, and been sent
28 mail. The report shall also include the percentage of families who
29 elect to continue each of the benefits and the percentage found
30 ineligible by each substantive reason code. A substantive reason code
31 shall not be "other." The report shall identify barriers to informing
32 families about work support benefits and describe existing and future
33 actions to overcome such barriers.

35 from the general fund--state appropriation for fiscal year 2002 and

5 available federal grant levels and the carryforward level of state
6 funds.

7 (2) \$48,341,000 of the general fund--state appropriation for fiscal
8 year 2002 and \$48,341,000 of the general fund--state appropriation for
9 fiscal year 2003 are provided solely for cash assistance and other
10 services to recipients in the general assistance--unemployable program.

14 not exceed the funds provided.

15 (3) \$5,632,000 of the general fund--state appropriation for fiscal

12 and for prior fiscal year adjustments.

13 (2) Allocations for certificated staff salaries for the 2001-02 and
14 2002-03 school years shall be determined using formula-generated staff
15 units calculated pursuant to this subsection. Staff allocations for
16 small school enrollments in (d) through (f) of this subsection shall be
17 reduced for vocational full-time equivalent enrollments. Staff
18 allocations for small school enrollments in grades K-6 shall be the
19 greater of that generated under (a) of this subsection, or under (d)
20 and (e) of this subsection. Certificated staffing allocations shall be
21 as follows:

22 (a) On the basis of each 1,000 average annual full-time equivalent
23 enrollments, excluding full-time equivalent enrollment otherwise
24 recognized for certificated staff unit allocations under (c) through
25 (f) of this subsection:

26 (i) Four certificated administrative staff units per thousand full-
27 time equivalent students in grades K-12;

28 (ii) 49 certificated instructional staff units per thousand full-
29 time equivalent students in grades K-3;

30 (iii) Forty-six certificated instructional staff units per thousand
31 full-time equivalent students in grades 4-12; and

32 (iv) An additional 4.2 certificated instructional staff units for
33 grades K-3 and an additional 7.2 certificated instructional staff units
34 for grade 4. Any funds allocated for the additional certificated units
35 provided in this subsection (iv) shall not be considered as basic
36 education funding;

37 (v) For class size reduction and expanded learning opportunities
38 under the better schools program, an additional 2.2 certificated

1 instructional staff units for grades K-4 per thousand full-time
2 equivalent students. Funds allocated for these additional certificated
3 units shall not be considered as basic education funding. The
4 allocation may be used for reducing class sizes in grades K-4 or to
5 provide additional classroom contact hours for kindergarten, before-
6 and-after-school programs, weekend school programs, summer school
7 programs, and intercession opportunities to assist elementary school
8 students in meeting the essential academic learning requirements and
9 student assessment performance standards. For purposes of this
10 subsection, additional classroom contact hours provided by teachers
11 beyond the normal school day under a supplemental contract shall be
12 converted to a certificated full-time equivalent by dividing the
13 classroom contact hours by 900.

14 (A) Funds provided under this subsection (2)(a)(iv) and (v) in
15 excess of the amount required to maintain the statutory minimum ratio
16 established under RCW 28A.150.260(2)(b) shall be allocated only if the
17 district documents an actual ratio equal to or greater than 55.4
18 certificated instructional staff per thousand full-time equivalent
19 students in grades K-4. For any school district documenting a lower
20 certificated instructional staff ratio, the allocation shall be based
21 on the district's actual grades K-4 certificated instructional staff
22 ratio achieved in that school year, or the statutory minimum ratio
23 established under RCW 28A.150.260(2)(b), if greater;

24 (B) Districts at or above 51.0 certificated instructional staff per
25 one thousand full-time equivalent students in grades K-4 may dedicate
26 up to 1.3 of the 55.4 funding ratio to employ additional classified
27 instructional assistants assigned to basic education classrooms in
28 grades K-4. For purposes of documenting a district's staff ratio under
29 this section, funds used by the district to employ additional
30 classified instructional assistants shall be converted to a
31 certificated staff equivalent and added to the district's actual
32 certificated instructional staff ratio. Additional classified
33 instructional assistants, for the purposes of this subsection, shall be
34 determined using the 1989-90 school year as the base year;

35 (C) Any district maintaining a ratio equal to or greater than 55.4
36 certificated instructional staff per thousand full-time equivalent
37 students in grades K-4 may use allocations generated under this
38 subsection (2)(a)(iv) and (v) in excess of that required to maintain
39 the minimum ratio established under RCW 28A.150.260(2)(b) to employ

1 additional basic education certificated instructional staff or
2 classified instructional assistants in grades 5-6. Funds allocated
3 under this subsection (2)(a)(iv) and (v) shall only be expended to
4 reduce class size in grades K-6. No more than 1.3 of the certificated
5 instructional funding ratio amount may be expended for provision of
6 classified instructional assistants;

7 (b) For school districts with a minimum enrollment of 250 full-time
8 equivalent students whose full-time equivalent student enrollment count
9 in a given month exceeds the first of the month full-time equivalent
10 enrollment count by 5 percent, an additional state allocation of 110
11 percent of the share that such increased enrollment would have
12 generated had such additional full-time equivalent students been
13 included in the normal enrollment count for that particular month;

14 (c)(i) On the basis of full-time equivalent enrollment in:

15 (A) Vocational education programs approved by the superintendent of
16 public instruction, a maximum of 0.92 certificated instructional staff
17 units and 0.08 certificated administrative staff units for each 19.5
18 full-time equivalent vocational students; and

19 (B) Skills center programs meeting the standards for skills center
20 funding established in January 1999 by the superintendent of public
21 instruction, 0.92 certificated instructional staff units and 0.08
22 certificated administrative units for each 16.67 full-time equivalent
23 vocational students; and

24 (ii) Vocational full-time equivalent enrollment shall be reported
25 on the same monthly basis as the enrollment for students eligible for
26 basic support, and payments shall be adjusted for reported vocational
27 enrollments on the same monthly basis as those adjustments for
28 enrollment for students eligible for basic support;

29 (d) For districts enrolling not more than twenty-five average
30 annual full-time equivalent students in grades K-8, and for small
31 school plants within any school district which have been judged to be
32 remote and necessary by the state board of education and enroll not
33 more than twenty-five average annual full-time equivalent students in
34 grades K-8:

35 (i) For those enrolling no students in grades 7 and 8, 1.76
36 certificated instructional staff units and 0.24 certificated
37 administrative staff units for enrollment of not more than five
38 students, plus one-twentieth of a certificated instructional staff unit
39 for each additional student enrolled; and

1 (ii) For those enrolling students in grades 7 or 8, 1.68
2 certificated instructional staff units and 0.32 certificated
3 administrative staff units for enrollment of not more than five
4 students, plus one-tenth of a certificated instructional staff unit for
5 each additional student enrolled;

6 (e) For specified enrollments in districts enrolling more than
7 twenty-five but not more than one hundred average annual full-time
8 equivalent students in grades K-8, and for small school plants within
9 any school district which enroll more than twenty-five average annual
10 full-time equivalent students in grades K-8 and have been judged to be
11 remote and necessary by the state board of education:

12 (i) For enrollment of up to sixty annual average full-time
13 equivalent students in grades K-6, 2.76 certificated instructional
14 staff units and 0.24 certificated administrative staff units; and

15 (ii) For enrollment of up to twenty annual average full-time
16 equivalent students in grades 7 and 8, 0.92 certificated instructional
17 staff units and 0.08 certificated administrative staff units;

18 (f) For districts operating no more than two high schools with
19 enrollments of less than three hundred average annual full-time
20 equivalent students, for enrollment in grades 9-12 in each such school,
21 other than alternative schools:

22 (i) For remote and necessary schools enrolling students in any
23 grades 9-12 but no more than twenty-five average annual full-time
24 equivalent students in grades K-12, four and one-half certificated
25 instructional staff units and one-quarter of a certificated
26 administrative staff unit;

27 (ii) For all other small high schools under this subsection, nine
28 certificated instructional staff units and one-half of a certificated
29 administrative staff unit for the first sixty average annual full time
30 equivalent students, and additional staff units based on a ratio of
31 0.8732 certificated instructional staff units and 0.1268 certificated
32 administrative staff units per each additional forty-three and one-half
33 average annual full time equivalent students.

34 Units calculated under (f)(ii) of this subsection shall be reduced
35 by certificated staff units at the rate of forty-six certificated
36 instructional staff units and four certificated administrative staff
37 units per thousand vocational full-time equivalent students.

38 (g) For each nonhigh school district having an enrollment of more
39 than seventy annual average full-time equivalent students and less than

1 one hundred eighty students, operating a grades K-8 program or a grades
2 1-8 program, an additional one-half of a certificated instructional
3 staff unit; and

4 (h) For each nonhigh school district having an enrollment of more
5 than fifty annual average full-time equivalent students and less than
6 one hundred eighty students, operating a grades K-6 program or a grades
7 1-6 program, an additional one-half of a certificated instructional
8 staff unit.

9 (3) Allocations for classified salaries for the 2001-02 and 2002-03
10 school years shall be calculated using formula-generated classified
11 staff units determined as follows:

12 (a) For enrollments generating certificated staff unit allocations
13 under subsection (2)(d) through (h) of this section, one classified
14 staff unit for each three certificated staff units allocated under such
15 subsections;

16 (b) For all other enrollment in grades K-12, including vocational
17 full-time equivalent enrollments, one classified staff unit for each
18 sixty average annual full-time equivalent students; and

19 (c) For each nonhigh school district with an enrollment of more
20 than fifty annual average full-time equivalent students and less than
21 one hundred eighty students, an additional one-half of a classified
22 staff unit.

23 (4) Fringe benefit allocations shall be calculated at a rate of
24 11.27 percent in the 2001-02 school year and 11.27 percent in the 2002-
25 03 school year for certificated salary allocations provided under
26 subsection (2) of this section, and a rate of 12.92 percent in the
27 2001-02 school year and 12.92 percent in the 2002-03 school year for
28 classified salary allocations provided under subsection (3) of this
29 section.

30 (5) Insurance benefit allocations shall be calculated at the
31 maintenance rate specified in section 504(3) of this act, based on the
32 number of benefit units determined as follows:

33 (a) The number of certificated staff units determined in subsection
34 (2) of this section; and

35 (b) The number of classified staff units determined in subsection
36 (3) of this section multiplied by 1.152. This factor is intended to
37 adjust allocations so that, for the purposes of distributing insurance
38 benefits, full-time equivalent classified employees may be calculated

1 on the basis of 1440 hours of work per year, with no individual
2 employee counted as more than one full-time equivalent.

3 (6)(a) For nonemployee-related costs associated with each
4 certificated staff unit allocated under subsection (2)(a), (b), and (d)
5 through (h) of this section, there shall be provided a maximum of
6 \$8,519 per certificated staff unit in the 2001-02 school year and a
7 maximum of \$8,715 per certificated staff unit in the 2002-03 school
8 year.

9 (b) For nonemployee-related costs associated with each vocational
10 certificated staff unit allocated under subsection (2)(c)(i)(A) of this
11 section, there shall be provided a maximum of \$20,920 per certificated
12 staff unit in the 2001-02 school year and a maximum of \$21,401 per
13 certificated staff unit in the 2002-03 school year.

14 (c) For nonemployee-related costs associated with each vocational
15 certificated staff unit allocated under subsection (2)(c)(i)(B) of this
16 section, there shall be provided a maximum of \$16,233 per certificated
17 staff unit in the 2001-02 school year and a maximum of \$16,606 per
18 certificated staff unit in the 2002-03 school year.

19 (7) Allocations for substitute costs for classroom teachers shall
20 be distributed at a maintenance rate of \$494.34 for the 2001-02 and
21 2002-03 school years per allocated classroom teachers exclusive of
22 salary increase amounts provided in section 504 of this act. Solely
23 for the purposes of this subsection, allocated classroom teachers shall
24 be equal to the number of certificated instructional staff units
25 allocated under subsection (2) of this section, multiplied by the ratio
26 between the number of actual basic education certificated teachers and
27 the number of actual basic education certificated instructional staff
28 reported statewide for the prior school year.

29 (8) Any school district board of directors may petition the
30 superintendent of public instruction by submission of a resolution
31 adopted in a public meeting to reduce or delay any portion of its basic
32 education allocation for any school year. The superintendent of public
33 instruction shall approve such reduction or delay if it does not impair
34 the district's financial condition. Any delay shall not be for more
35 than two school years. Any reduction or delay shall have no impact on
36 levy authority pursuant to RCW 84.52.0531 and local effort assistance
37 pursuant to chapter 28A.500 RCW.

1 (9) The superintendent may distribute a maximum of \$6,510,000
2 outside the basic education formula during fiscal years 2002 and 2003
3 as follows:

4 (a) For fire protection for school districts located in a fire
5 protection district as now or hereafter established pursuant to chapter
6 52.04 RCW, a maximum of \$480,000 may be expended in fiscal year 2002
7 and a maximum of \$491,000 may be expended in fiscal year 2003;

8 (b) For summer vocational programs at skills centers, a maximum of
9 \$2,098,000 may be expended each fiscal year;

10 (c) A maximum of \$343,000 may be expended for school district
11 emergencies; and

12 (d) A maximum of \$500,000 per fiscal year may be expended for
13 programs providing skills training for secondary students who are
14 enrolled in extended day school-to-work programs, as approved by the
15 superintendent of public instruction. The funds shall be allocated at
16 a rate not to exceed \$500 per full-time equivalent student enrolled in
17 those programs.

18 (10) For purposes of RCW 84.52.0531, the increase per full-time
19 equivalent student in state basic education appropriations provided
20 under this act, including appropriations for salary and benefits
21 increases, is 2.5 percent from the 2000-01 school year to the 2001-02
22 school year, and 3.3 percent from the 2000-01 school year to the 2002-
23 03 school year.

24 (11) If two or more school districts consolidate and each district
25 was receiving additional basic education formula staff units pursuant
26 to subsection (2)(b) through (h) of this section, the following shall
27 apply:

28 (a) For three school years following consolidation, the number of
29 basic education formula staff units shall not be less than the number
30 of basic education formula staff units received by the districts in the
31 school year prior to the consolidation; and

32 (b) For the fourth through eighth school years following
33 consolidation, the difference between the basic education formula staff
34 units received by the districts for the school year prior to
35 consolidation and the basic education formula staff units after
36 consolidation pursuant to subsection (2)(a) through (h) of this section
37 shall be reduced in increments of twenty percent per year.

7 (a) Salary allocations for certificated instructional staff units
8 shall be determined for each district by multiplying the district's

11 for basic education and special education certificated instructional
12 staff in that school year, computed using LEAP Document 1S; and

13 (b) Salary allocations for certificated administrative staff units
14 and classified staff units for each district shall be based on the
15 district's certificated administrative and classified salary allocation
16 amounts shown on LEAP Document 12E for the appropriate year.

17 (2) For the purposes of this section:

28 (c) "LEAP Document 12E" means the computerized tabulation of 2001-
29 02 and 2002-03 school year salary allocations for certificated
30 administrative staff and classified staff and derived and total base
31 salaries for certificated instructional staff as developed by the
32 legislative evaluation and accountability program committee on March
33 13, 2001, at 16:32 hours.

34 (3) Incremental fringe benefit factors shall be applied to salary
35 adjustments at a rate of 10.63 percent for school years 2001-02 and
36 2002-03 for certificated staff and 9.42 percent for school years 2001-
37 02 and 2002-03 for classified staff.

1 (4)(a) Pursuant to RCW 28A.150.410, the following state-wide salary

- 17 (i) Credits earned since receiving the masters degree; and
- 18 (ii) Any credits in excess of forty-five credits that were earned
19 after the baccalaureate degree but before the masters degree.

- 23 (c) "PHD" means a doctorate degree.

24 (d) "Years of service" shall be calculated under the same rules
25 adopted by the superintendent of public instruction.

26 (e) "Credits" means college quarter hour credits and equivalent in-
27 service credits computed in accordance with RCW 28A.415.020 and
28 28A.415.023.

29 (6) No more than ninety college quarter-hour credits received by
30 any employee after the baccalaureate degree may be used to determine
31 compensation allocations under the state salary allocation schedule and
32 LEAP documents referenced in this act, or any replacement schedules and
33 documents, unless:

- 34 (a) The employee has a masters degree; or
- 35 (b) The credits were used in generating state salary allocations
36 before January 1, 1992.

37 (7) The certificated instructional staff base salary specified for
38 each district in LEAP Document 12E and the salary schedules in
39 subsection (4)(a) of this section include three learning improvement

1 days originally added in the 1999-00 school year. A school district is
2 eligible for the learning improvement day funds for school years 2001-
3 02 and 2002-03, only if three days have been added to the base contract
4 in effect for the 1998-99 school year. If fewer than three days are
5 added, the additional learning improvement allocation shall be adjusted
6 accordingly. The additional days shall be for activities related to
7 improving student learning consistent with education reform
8 implementation. The length of a learning improvement day shall not be
9 less than the length of a full day under the base contract. The
10 superintendent of public instruction shall ensure that school districts
11 adhere to the intent and purposes of this subsection.

12 (8) The salary allocation schedules established in this section are
13 for allocation purposes only except as provided in RCW 28A.400.200(2).

33 adjustments for state employees in the office of superintendent of
34 public instruction and the education reform program are provided in
35 part VII of this act. Increases for general apportionment (basic
36 education) are based on the salary allocation schedules and methodology
37 in section 502 of this act. Increases for special education result
38 from increases in each district's basic education allocation per

1 student. Increases for educational service districts and institutional
2 education programs are determined by the superintendent of public

19 section 2, chapter 4, Laws of 2001 (Initiative Measure No. 732) for
20 teachers and other school district employees in the state-funded salary
21 base. For employees not included in the state-funded salary base, the
22 annual salary cost-of-living increase may be provided by school
23 districts from the federal funds appropriated in this act and local
24 revenues, including the adjusted levy base as provided in RCW 84.52.053
25 and section 502 of this act, and state discretionary funds provided
26 under this act.

14 and for prior fiscal year adjustments.

15 (2) A maximum of \$767,000 of this fiscal year 2002 appropriation
16 and a maximum of \$785,000 of the fiscal year 2003 appropriation may be

21 activity of each district.

22 (3) \$15,000 of the fiscal year 2002 appropriation and \$20,000 of
23 the fiscal year 2003 appropriation are provided solely for the

26 transferring to "choice" programs solely for educational reasons.

27 (4) Allocations for transportation of students shall be based on
28 reimbursement rates of \$37.11 per weighted mile in the 2001-02 school
29 year and \$37.38 per weighted mile in the 2002-03 school year exclusive
30 of salary and benefit adjustments provided in section 504 of this act.

32 radius mile shall be based on weighted miles as determined by
33 superintendent of public instruction multiplied by the per mile
34 reimbursement rates for the school year pursuant to the formulas
35 adopted by the superintendent of public instruction. Allocations for
36 transportation of students living within one radius mile shall be based
37 on the number of enrolled students in grades kindergarten through five

1 living within one radius mile of their assigned school multiplied by
2 the per mile reimbursement rate for the school year multiplied by 1.29.

18 NEW SECTION. **Sec. 507. FOR THE SUPERINTENDENT OF PUBLIC**
19 **INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS**

20	General Fund--State Appropriation (FY 2002) . . . \$	419,264,000
21	General Fund--State Appropriation (FY 2003) . . . \$	420,644,000
22	General Fund--Federal Appropriation \$	256,092,000
23	TOTAL APPROPRIATION \$	1,096,000,000

24 The appropriations in this section are subject to the following
25 conditions and limitations:

26 (1) Funding for special education programs is provided on an excess
27 cost basis, pursuant to RCW 28A.150.390. School districts shall ensure
28 that special education students as a class receive their full share of
29 the general apportionment allocation accruing through sections 502 and
30 504 of this act. To the extent a school district cannot provide an
31 appropriate education for special education students under chapter
32 28A.155 RCW through the general apportionment allocation, it shall
33 provide services through the special education excess cost allocation
34 funded in this section.

1 (2)(a) Effective with the 2001-02 school year, the superintendent
2 of public instruction shall change the S-275 personnel reporting system
3 and all related accounting requirements to ensure that:

4 (i) Special education students are basic education students first;

5 (ii) As a class, special education students are entitled to the
6 full basic education allocation; and

7 (iii) Special education students are basic education students for
8 the entire school day.

9 (b) Effective with the 2001-02 school year, the S-275 and
10 accounting changes shall supercede any prior excess cost methodologies
11 and shall be required of all school districts.

12 (3) Each general fund--state fiscal year appropriation includes
13 such funds as are necessary to complete the school year ending in the
14 fiscal year and for prior fiscal year adjustments.

15 (4) The superintendent of public instruction shall distribute state
16 funds to school districts based on two categories: The optional birth
17 through age two program for special education eligible developmentally
18 delayed infants and toddlers, and the mandatory special education
19 program for special education eligible students ages three to twenty-
20 one. A "special education eligible student" means a student receiving
21 specially designed instruction in accordance with a properly formulated
22 individualized education program.

23 (5)(a) For the 2001-02 and 2002-03 school years, the superintendent
24 shall distribute state funds to each district based on the sum of:

25 (i) A district's annual average headcount enrollment of
26 developmentally delayed infants and toddlers ages birth through two,
27 multiplied by the district's average basic education allocation per
28 full-time equivalent student, multiplied by 1.15; and

29 (ii) A district's annual average full-time equivalent basic
30 education enrollment multiplied by the funded enrollment percent
31 determined pursuant to subsection (6)(b) of this section, multiplied by
32 the district's average basic education allocation per full-time
33 equivalent student multiplied by 0.9309.

34 (b) For purposes of this subsection, "average basic education
35 allocation per full-time equivalent student" for a district shall be
36 based on the staffing ratios required by RCW 28A.150.260 and shall not
37 include enhancements, secondary vocational education, or small schools.

38 (6) The definitions in this subsection apply throughout this
39 section.

1 (a) "Annual average full-time equivalent basic education
2 enrollment" means the resident enrollment including students enrolled
3 through choice (RCW 28A.225.225) and students from nonhigh districts
4 (RCW 28A.225.210) and excluding students residing in another district
5 enrolled as part of an interdistrict cooperative program (RCW
6 28A.225.250).

7 (b) "Enrollment percent" means the district's resident special
8 education annual average enrollment, excluding the birth through age
9 two enrollment, as a percent of the district's annual average full-time
10 equivalent basic education enrollment. For the 2001-02 and the 2002-03
11 school years, each district's funded enrollment percent shall be the
12 lesser of the district's actual enrollment percent for the school year
13 for which the allocation is being determined or 12.7 percent for the
14 2001-02 school year or 13.0 percent for the 2002-03 school year.

15 (7) At the request of any interdistrict cooperative of at least 15
16 districts in which all excess cost services for special education
17 students of the districts are provided by the cooperative, the maximum
18 enrollment percent shall be 12.7 percent for the 2001-02 school year
19 and 13.0 percent for the 2002-03 school year, and shall be calculated
20 in the aggregate rather than individual district units. For purposes
21 of this subsection, the average basic education allocation per full-
22 time equivalent student shall be calculated in the aggregate rather
23 than individual district units.

24 (8) A maximum of \$12,000,000 of the general fund--state
25 appropriation for fiscal year 2002 and a maximum of \$10,623,000 of the
26 general fund--state appropriation for fiscal year 2003 are provided as
27 safety net funding for districts with demonstrated needs for state
28 special education funding beyond the amounts provided in subsection (5)
29 of this section. Safety net funding shall be awarded by the state
30 safety net oversight committee.

31 (a) The safety net oversight committee shall first consider the
32 needs of districts adversely affected by the 1995 change in the special
33 education funding formula. Awards shall be based on the lesser of the
34 amount required to maintain the 1994-95 state special education excess
35 cost allocation to the school district in aggregate or on a dollar per
36 funded student basis.

37 (b) The committee shall then consider unmet needs for districts
38 that can convincingly demonstrate that all legitimate expenditures for
39 special education exceed all available revenues from state funding

1 formulas. In the determination of need, the committee shall also
2 consider additional available revenues from federal and local sources.
3 Differences in program costs attributable to district philosophy,
4 service delivery choice, or accounting practices are not a legitimate
5 basis for safety net awards.

6 (c) The maximum allowable indirect cost for calculating safety net
7 eligibility may not exceed the federal restricted indirect cost rate
8 for the district plus one percent.

9 (d) Safety net awards shall be adjusted based on the percent of
10 potential medicaid eligible students billed as calculated by the
11 superintendent in accordance with chapter 318, Laws of 1999.

12 (e) Safety net awards must be adjusted for any audit findings or
13 exceptions related to special education funding.

14 (f) The superintendent may expend up to \$120,000 per year of the
15 amounts provided in this subsection to provide staff assistance to the
16 committee in analyzing applications for safety net funds received by
17 the committee.

18 (9) The superintendent of public instruction may adopt such rules
19 and procedures as are necessary to administer the special education
20 funding and safety net award process. Prior to revising any standards,
21 procedures, or rules, the superintendent shall consult with the office
22 of financial management and the fiscal committees of the legislature.

23 (10) The safety net oversight committee appointed by the
24 superintendent of public instruction shall consist of:

25 (a) One staff from the office of superintendent of public
26 instruction;

27 (b) Staff of the office of the state auditor;

28 (c) Staff of the office of the financial management; and

29 (d) One or more representatives from school districts or
30 educational service districts knowledgeable of special education
31 programs and funding.

32 (11) To the extent necessary, \$5,500,000 of the general fund--
33 federal appropriation shall be expended for safety net funding to meet
34 the extraordinary needs of one or more individual special education
35 students. If safety net awards to meet the extraordinary needs exceed
36 \$5,500,000 of the general fund--federal appropriation, the
37 superintendent shall expend all available federal discretionary funds
38 necessary to meet this need. General fund--state funds shall not be
39 expended for this purpose.

1 (12) A maximum of \$678,000 may be expended from the general fund--
2 state appropriations to fund 5.43 full-time equivalent teachers and 2.1
3 full-time equivalent aides at children's orthopedic hospital and
4 medical center. This amount is in lieu of money provided through the
5 home and hospital allocation and the special education program.

6 (13) \$1,000,000 of the general fund--federal appropriation is
7 provided for projects to provide special education students with
8 appropriate job and independent living skills, including work
9 experience where possible, to facilitate their successful transition
10 out of the public school system. The funds provided by this subsection
11 shall be from federal discretionary grants.

12 (14) The superintendent shall maintain the percentage of federal
13 flow-through to school districts at 85 percent. In addition to other
14 purposes, school districts may use increased federal funds for high-
15 cost students, for purchasing regional special education services from
16 educational service districts, and for staff development activities
17 particularly relating to inclusion issues.

18 (15) A maximum of \$1,200,000 of the general fund--federal
19 appropriation may be expended by the superintendent for projects
20 related to use of inclusion strategies by school districts for
21 provision of special education services. The superintendent shall
22 prepare an information database on laws, best practices, examples of
23 programs, and recommended resources. The information may be
24 disseminated in a variety of ways, including workshops and other staff
25 development activities.

26 (16) A school district may carry over from one year to the next
27 year up to 10 percent of general fund--state funds allocated under this
28 program; however, carry over funds shall be expended in the special
29 education program.

3 ensure that the project is in compliance with the architecture,
4 infrastructure, principles, policies, and standards of digital
5 government as maintained by the information services board.

6 (4) The agency shall produce a feasibility study for information
7 technology projects at the direction of the information services board
8 and in accordance with published department of information services
9 policies and guidelines. At a minimum, such studies shall include a
10 statement of: (a) The purpose or impetus for change; (b) the business

10 use of preventative measures to mitigate risk, and the leveraging of
11 private-sector expertise as needed. Authority to expend any funds for
